

From the Directors

Jim & Dee Dee Evans

April 2025

Hello All,

On Saturday March 15th, riders from Capitol Wings met at the Speedy Stop in Austin. Steven led our ride to the Southside Market for lunch and gathering. We had a good turnout for this ride. Steven, JD, Jim & Dee Dee, Hugo, Jim & Teresa, Mike and Ken were in attendance. Randy & Kathy, Lyle & Sheri, Richard & Cheslyn, Moria & John and Al all met us at the restaurant. It had been a while since we'd seen some folks so it was great to get to visit. We had great weather and great food at the restaurant.

Our Ticket Master had drawings for door prizes and 50/50. Jim Evans & Al were door prize winners with Steven and Lyle winning the money!

Don't forget, our Yellow Rose Ride-In at the Y.O. Hotel in Kerrville is just around the corner. If you haven't registered, there's still time. Please feel free to reach out to Jim and Dee Dee if you have any questions. Looking forward to seeing ya'll there!

Thanks All.

ARK-LA-TX ICONIC RIDES

All guided rides will have a rider meeting at 8:45 with KSU at 9:00.

Day 1 – Thursday, April 24 – This will be a bonus ride for you early birds, the guys who come in on Wednesday night. First stop will be 30 minutes at the Mitcham Farms where all things peach and chocolate are sold. Next stop, via Mitcham Orchard and White Lightin' Roads, will be Claiborne State Park for an introduction to this wonderful LA State Park on Lake Claiborne. The park is home to a championship Frisbee golf course, a marina, 10 cabins and 87 campsites. 2 miles away is the iconic Port-Au-Prince, famous for its all you can eat fish or steak. Next is the South Arkansas Arboretum where we will sample some iconic Spud-Nuts. Then on to the Arkansas Museum of Natural History. This is a great little museum featuring the origins of oil and how to drill for it. There is working oil field equipment and a replica of a 112-foot derrick on the grounds. Inside is a reproduction of the boomtown of Smackover. This town grew from a population of 73 to 25,000 almost overnight. Featured is an old jail, café, vintage trucks and gas pumps. There is a short, but very entertaining film about when oil was first discovered in the area. We will proceed to T Rick's south of El Dorado for fuel and visit the Arkansas Welcome Center. Last stop, Hollis' Seafood in Spearsville, LA. This place has been around for years and is open only 3 nights per week. And today is one of them! On Friday, they have a limited menu for about \$20 per person. Here is the limited menu: Whole Catfish, Catfish Fillets, Fried Shrimp, Chicken Tenders, Pork Loin Chops, BBQ Chicken Quarters, Shrimp Etouffee, Baked Potato Bar, Turnip Greens, Black Eye Peas, Fried Okra, Corn on the Cob, Baked Beans, Cajun Rice, French Fries, Mashed Potatoes and Gravy, Coleslaw, Hot Water Cornbread, Hush Puppies, Homemade Rolls, Banana Pudding, Coconut Pie, Cherry Cheese Cake, Cinnamon Rolls and Soft Serve Ice Cream. All desserts are homemade. After eating, if time allows, we will roll ourselves out to the bikes and take a scenic ride across Lake D'Arbonne and maybe visit the State Park there as well.

This ride covers about 190 miles, and you will spend about 4 hours in the saddle.

Day 2 – Friday, April 25 – This route will allow us to show off on some interstate riding. We will also ride U. S. Route 80. 80 is a major east-west U. S. Highway that was once part of the early auto trail known as the Dixie Overland Highway. It ran from the Pacific to the Atlantic, San Diego to Tybee Island, GA. We will pass through Grambling State University, the site of the Bonnie and Clyde Ambush, the Ed Lester Farm in Red River Parish, hop on I-49 and stop at Highway 6 on the outskirts of Natchitoches. Highway 6, along with TX Highway 21, comprise the El Camino Real de los Tejas National Historic Trail. The little settlement Los Adias, just 8 miles east of this intersection, was once the capital of Texas from 1719 to 1763. This intersection is the spot in Natchitoches for fast food. Since we will be having the big Fish Fry this evening, maybe we should take it easy for lunch. Convenient eateries include: El Patio, Dairy Queen, Subway, McDonalds, Huddle House, Whataburger, IHOP, the French Market Express, Wendy's and Popeye's. This will also be our fuel stop for the day. In Natchitoches, we will visit the campus of Northwestern State University, Fort St. Jean Baptiste, the LA Sports Hall of Fame and downtown Natchitoches. The final leg will be straight back to the Argent Pavillion on the campus of Louisiana Tech University for the Fish Fry by Ben Christmas. Champions Plaza is located there as well, with bronze statues of LA Tech athletic heroes.

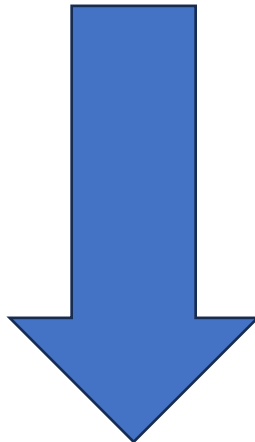

This ride covers about 190 miles, and you will spend about 3.5 hours in the saddle.

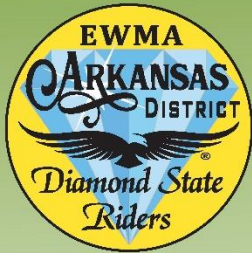

Day 3 – Saturday, April 26 – Today's ride is a shorter ride. We will take back roads down to Jimmie Davis State Park on Caney Lake. From there, we will ride more back roads around West Monroe and through the Garden District of Monroe. We will make a quick stop at the Forsythe Point Recreation Area across the street from the iconic Biedenharn Bible Museum and Gardens and the Coca-Cola Museum. Then after passing through the campus of the University of Louisiana at Monroe, we will stop at the Chennault Aviation and Military Museum. It is a great little museum and the admission is free. Next, we will move on to downtown West Monroe. This is where we will dissolve the large group and continue either on your own or in smaller groups. Just plan your

return so that you can make it in time for the closing ceremonies at ___TBD___. Lunch recommendations in Monroe would include the Mohawk Seafood Tavern, the Flying Tiger Brewery and Pizzeria, Tail Gators on the River and Restaurant Cotton. In West Monroe, I would recommend Trapps, Flying Heart Brewing and Pub and JAC's Craft Smokehouse. For killing time, how about Antique Ally in West Monroe, the Duck Commander or Drew Bree's Surge Entertainment for a state of the art entertainment experience?

This ride covers about 130 miles, and you will spend about 3.5 hours in the saddle. This ride requires no fuel stops.
